Alumni Can Help with School Ranking

The School of Engineering has opened so many doors for me. I’m proud to do my small part to ensure that those same opportunities are available to future students as well.”

—Stephen McGuire, BE’75, ME’82

“Madeline and I met at Vanderbilt, and attending Vanderbilt has been a long tradition in both our families. We believe in a responsible way to prepare for the future students and wish to encourage the excellence of Vanderbilt education.”

—Howard Atkins Jr., BE’62 (left) and Madeline Atkins, BE’62 (right), shown here with Dean Kenneth D. Seigler

Many of the School of Engineering's most dedicated donors are members of the Fred J. Lewis Society. Established 30 years ago, the Lewis Society honors the legacy of Dean Fred J. Lewis. Under his leadership (1935–1959), the school enjoyed a great upswing in enrollment, an expansion of facilities, and the opening of several new academic programs. Today, Lewis Society members play an integral role in the success of the School of Engineering. The financial support of alumni, parents, and friends helps deserving students receive an exemplary engineering education as well as fund major overall academic experiences at Vanderbilt. It makes a positive difference in the lives of our students and faculty, and ensures continued growth of the school.

Please consider joining the Lewis Society today and investing in the future of the School of Engineering. If your company has a matching gift program, your gift may be doubled or even tripled. Use your matching gift to join the Lewis Society today.

For more information please contact Leslie Park in the school’s Development and Alumni Relations Office by calling 615-322-4974.

Dean's List

Grade of 3.50 or above.

Class of 2007

Allison L. Kirk (BE'07)*

Class of 2006

Allison A. Tippins (BE'06)*

Class of 2005

Allison A. Tippins (BE'05)*

Class of 2004

Allison A. Tippins (BE'04)*

Alumni Can Help With School Ranking

Of the 353 undergraduate engineering programs ranked by U.S. News & World Report magazine, the Vanderbilt School of Engineering has been prominently among the nation's best. Alumni gifts directly affect that ranking. The percentage of alumni who give back is a key factor in the magazine’s ranking methodology. Currently, 21 percent of VUSM alumni make a gift to the school as a thank you for our education. To support your school and send a message that the Vanderbilt engineering matters, contact the Vanderbilt Fund Office at 1-866-822-5395 or e-mail to online@vanderbilt.edu/theclassof.

The School of Engineering has opened so many doors for me. I’m proud to do my small part to ensure those same opportunities are available to future students as well.

—Stephen McGuire, BE'93, MENG

Alumni Honored at Atlanta

The School of Engineering is making its way around the country, making a place of Vanderbilt to you—our parents, alumni and friends. Our 2007 stop was in Atlanta on May 22. Dean Kenneth J. Gallaway and other engineers made their way south to include Douglas G. Davis, BE'65, and Samuel McClcloy, BE'51, into the School of Engineering of Distinguished Alumni. (Look for a full report on Doug, Sam, and other members of the Academy in the spring 2008 issue of Engineering Vanderbilt.)

Nearly 100 Vanderbilt faithful turned out to show their support for our honoros and learn about the exciting things happening at the School of Engineering. We look forward to connecting with more of you as our travels continue in 2008!

—Betsy Robinson, BE'07 (left), with husband Robert, BE'05 (right), shown here with Dean Kenneth J. Gallaway.

Madeline and I met at Vanderbilt, and attending Vanderbilt has been a long tradition in both our families. We believe in a reason to prepare for the future way students in both our families, who will receive the excellent education Vanderbilt offers.

—Howard Adams Jr., BE'67 (second from left), with Madeline Adams, BE'56; Nancy Wilson, BA'58; Sam McCleskey, BE'51 (second from right), with Madeline Adams, BE'56; Nancy Wilson, BA'58; Samuel McCleskey.
